## BUILDING OPERATIONS. Statistics From the Records of the

issued, a decrease of 102 compared with the preceding month. These permits represent an aggregate cost of \$...5,034, a decrease of \$1,749, compared with the pre-

District Inspector.

only slightly smaller than those for No-vember, they are considerably below the monthly average the past year. There has been a steady decline in building opera-tions in the District since last September, troubles and the stringency of the money market. According to the records of this market. According to the records of this office, the average total estimate of building operations for a month is \$800,000.

There were no large individual permits issued last month. There were fifty-seven permits issued for brick repairs, estimated to cost \$53,500; forty-six permits for brick dwellings, estimated to cost \$224,900; two permits for frame repairs, to cost \$6,000; valley. thirty-three permits for frame dwellings, to cost \$50,000, and one frame passenger he nor

station, to cost \$10,000.

The following summary will show the

WIRES DOWN IN EVERY DIREC-TION IN FREDERICK COUNTY.

FREDERICK, Md., January 8.-The worst sleet storm of the winter raged in Frederick yesterday. The storm was ac companied by rain, hail, snow and high wind, and it played havoc with telephone and telegraph wires all over the county From noon until night the velocity of the wind increased, blowing down wires in ommendation to me cy; attorney, J. E. every section of the city and snapping branches from trees. Last night the wires of both telephone companies were weightand Victor G. Bloede, violating section 5440, R. S. U. S.: defendants arraigned, plea not guilty each, with leave to demur by February 15, 1908; bail fixed at \$10,000 dangling in the air, suspended by many wires.

> After 9 o'clock last night communication with all county towns outside of disabled.

> SALISBURY, Md., January 8.-A terday, the wind assuming almost the propor-tions of a hurricane. Telegraph wires are out of service on all the lines of railroads seriously interfering with traffic. The water in Wicomico river is the lowest in thirty years, the wind blowing the tide down so low that one could walk across Visited Virginia.
